May 2009

Dear CSCCa Member,

Please complete the following survey which will provide valuable information regarding average annual salaries for full-time, collegiate, strength and conditioning coaches by school athletic conference divisions. The CSCCa National Office is frequently contacted by individuals requesting this information. The last salary survey that was conducted by the CSCCa, however, was back in 2004 and the data is now outdated and obsolete. This information can also be useful for our members who are seeking credible documentation to provide support for requests for salary/benefit increases. All responses are anonymous.

Thank you for your participation!

Sincerely,

A handwritten signature in cursive script that reads 'Chuck Stiggins'.

Dr. Chuck Stiggins
CSCCa Executive Director
